

# ShipHazmat<sup>®</sup> Tutorials & Helpful Hints

## Print a blank shipper's declaration form

In the event that a user requires a blank declaration form, ShipHazmat offers this ability for users.

Open ShipHazmat and select the **Print** option from the **Shipment** menu.

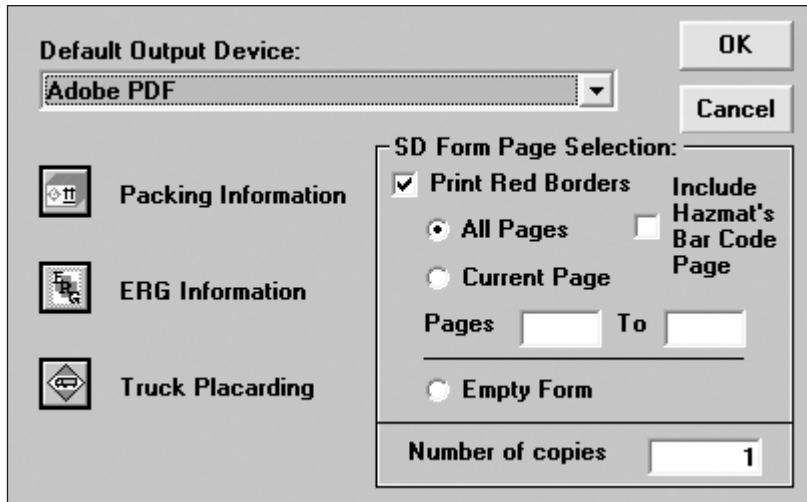

Figure 1 - Printing options window allows users to print blank declaration forms

Select a desired printer from the drop-down list provided and click on the **Empty Form** option under **SD Form Page Selection**. Click the OK button to continue printing a blank declaration form.
